INFORMATION DISCLOSURE STATEMENT

Hon. Commissioner of Patents
and Trademarks
Washington, D.C. 20231

Sir:

As suggested by 37 CFR 1.97, Applicants' undersigned attorney would like to direct the Examiner's attention to the references listed on the attached form PTO-1449, a copy of each reference being enclosed herewith. This Information Disclosure Statement is not to be construed as a representation that a search has been made or that no other information as defined in 1.56(a) exists, or that a reference is relevant merely because cited herein.

- (1) A. Ullrich et al., "Human epidermal growth factor receptor cDNA sequence and aberrant expression of the amplified gene in A431 epidermoid carcinoma cells," in Nature (1984) Vol.

KING et al. -- Appln. No. 07/110,791

309, pp. 418-425, reports human epidermal growth factor receptor cDNA sequence and aberrant expression of the amplified gene in A431 epidermoid carcinoma cells.

(2) U.S. Patent Application Serial No. 4,968,603, issued to Slamon, reports determination of status in neoplastic disease.

Applicants respectfully request that the Examiner consider and make of record the above mentioned references during the prosecution of the subject application. Accordingly, an early and favorable reply is awaited.

Respectfully submitted,

CUSHMAN, DARBY & CUSHMAN
